

2000 HOLIDAY RHYME

The holidays will soon be upon us,
With all the festivities and fuss.
So let us take a moment to say
We appreciate your business each day.

Though our family faced a great challenge this year,
Your cards and prayers were a comfort to hear.
We've moved ahead with changes a few
For bearing with us, our thanks to you!

Recycling's the same, just keep it clean,
Bagged and tied, we won't be mean.
But if you're missed, we're a phone call away,
Then we'll try to get it the very next day.

The same goes for your trash pick-up,
Have it out early so there's no mix-up,
And for your extra stuff, just make a call
An extra charge, we'll make it small.

Our roll-off is out there, making it's run,
10, 20, 30 yard boxes all hold a few ton.
They make large cleanups a snap
Leaving you time for a little nap!

The big 6 holidays* are all that we take
We pick up the next day, all for your sake.
Two days work all done in one,
Look at our crew, they're on the run!

With Eldon's passing Flossie's now in charge
Only a small change, nothing very large
For legal reasons a new name, same relation
Shortened now to Ayers Sanitation

We hope your holidays are very blest,
With health and wealth and all the rest.
The very best in Two Thousand One
For a year of prosperity and "fun by the ton!"
